## OBJECTIVE

Computer Science undergraduate with hands-on experience in Python programming and foundational knowledge of AWS Cloud. Interested in building scalable applications, working on real-world projects, and continuously strengthening software engineering fundamentals.

## SKILLS

- **Frontend:** HTML, CSS, JavaScript(ES6+)
- **Core Concept:** DSA, Problem Solving
- **Database:** MySQL, NoSQL
- **Cloud:** AWS EC2, S3, IAM, VPC
- **Programming:** Python
- **Soft Skills:** communication, Adaptability
- **Development Tools:** Git, GitHub, VS Code

## INTERNSHIP

- **Python Programming Intern**

**CODSOFT | (25 Oct 2024 – 25 Nov 2024)** Worked on Python-based projects focusing on data structures, algorithms, and problem solving. Gained hands-on experience in OOP Concepts, file handling, and automation. Improved coding, debugging, and logical thinking skills through mini projects.

- **Python Programming Intern**

**CODALPHA | (20 Oct 2025 – 20 Nov 2025)** Developed Python programs for real-world problem statements. Strengthened understanding of core Python concepts and logic building. Completed assigned tasks with in deadlines, following best coding practices.

## PROJECTS

- **HangMan Game**

Developed a console-based Hangman game using Python. Implemented game logic, loops, conditionals, and user input handling. Improved problem-solving and logical thinking skills.

- **ChatBot**

Built a chatbot capable of responding to user queries. Used basic NLP concepts and conditional logic for interaction. Enhanced understanding of AI concepts and conversational flow.

- **Task Automation**

Automated repetitive tasks such as file handling and data processing. Used Python libraries for automation and scripting. Improved efficiency and reduced manual effort.
